Biography

Dr. Mickey Wade is the Associate Laboratory Director of the Fusion and Fission Energy and Science Directorate at Oak Ridge National Lab, where he leads a diverse team of scientists and engineers in developing scientific and technological solutions that accelerate deployment of nuclear and fusion energy technologies. Previously, Dr. Wade was the Director of the ORNL Fusion Energy Division and Director of the DIII-D National Fusion Program. He has made numerous contributions to advancing US interest in ITER and in leading key community strategic planning activities.

He is the author of over 30 first-author papers, a Fellow of the American Physical Society, and previously served on the Editorial Boards of Nuclear Fusion and Physics of Plasmas. Dr. Wade received his master's and doctorate degrees in Nuclear Engineering from Georgia Tech in 1987 and 1991, respectively.
